President's Corner

I want to say our Family is growing by leaps and bounds. I want to take a moment to express how PROUD of all our Selectees I am. As some may have been noticing roadnames are slowly being revealed. You may know your's at this time and some may not. I can honestly say, all but one has a roadname. This one is proving very difficult but by watching this outstanding Selectee, I'm leaning towards Creeper. As word is spreading and folks are seeing us more and more, this Club shows we offer something other Clubs do not. We are Family.

The C.B. Benefit Ride put on by MSRWWP hosted by Disco and Bling went huge and became larger than anyone could have ever hoped. It was so overwhelming that I actually saw Hammer shed a few tears while going over the safety brief. Myself, Dragonlady, Viper, Tucson, Hammer, Bayou, Disco, Bling, Big C, Haus, Creeper, Lightning, Tinker, CJ, Animal, and Shudder covered many roles from registration, collecting money, and all the way up to lead escort!! It was so wonderful to see at every stop and every item from cooking to shirt sales and herding the cats were all covered by a member of this Club!! Not only did we assist in covering this huge event, but Alamo, Dancer and Rabbit covered another worthy event, going on at the same time, in Selmer, TN with some of our local Law Dogs friends, for the Carl Perkins Child Abuse Center. What an honor to be the President of such a giving club.

Finally had a chance to take the Dragon out and assisted Animal, Shudder, Bayou and Big C at the D.U. event. She needed that break. Even though there was work to be done, it was a relaxing and enjoyable event. Had even more fun with Trash, Dancer, Alamo, Animal, Disco, Bling, Viper, Joker, Lightning, Tinker and two newly interested hang-arounds for the Wild Pigs Event. Although promises were broken, OUR MEMBERS kept their personal feelings out of it and rose above it all. Me, on the other hand, called him the worm that he was and that he reflects poorly on his own club. Giggle.

Advanced warning message for all you military folks... Our presence is being requested to have our July party in MS by our very good friend and extended family. Since we are getting bigger and have chapters forming, "The Man" might shut down our festivities in the ghetto I live in. So let's all set 7 July for MS. Land to camp on, clubhouse and pavilion reserved on the lake, and boats. What a 4th THIS will be. Bring the kids and let's show them how to party with Los Cazadores!!

Not to get ahead of myself though, next week we have the Moose Lodge Event benefitting Aiden and Madelyn, with Haus and "Creeper" entered in the cooking event. Bringing my pass out chair!! Our April meeting will be to finalize the Make a Wish Poker Run and address any issues that have arisen. Can't wait to see all my brothers and sisters, soon. Hint if you don't know your name, you might want to properly greet your Prez when you see him and ask "What's my name?"

Munster, Prez and Founder LCFFLC

Meeting Highlights

The March meeting was held at the clubhouse on March 11th from 6pm to 9:14pm.

The beginning of the meeting started after everyone finished the BBQ dinner that the selectees provided and cooked.

This meeting was filled with mostly discussions of Make-A-Wish and upcoming rides.

Stop and task

assignments were given along with businesses that had been approached or had given donations for door prizes or auction items. Suggestions for additional businesses were stated from members and selectees that they would approach prior to the next meeting.

Upcoming rides and events such as the 2nd Annual Bull Moose Run for Aiden and Madelyn and the Duck's Unlimited event were approved and members gladly signed up!

Additional rides and events coming up in March and April that we would be participating in were also discussed.

Items were needed for the run so the entire club loaded up and headed to Wal-mart for a fun filled shopping spree!

Selectee found on the clearance rack - lol

Big C serenading the selectees while they cook – hmmm, was this part of their torture?

Member Profiles

This month we are highlighting our Treasurer - Dragonlady. Born in Oceanside, Ca. same hospital Munster was but four years later (Scary). Raised in Riverside, Ca. Met Munster Nov. 88, what an ugly scary bastard he was. Married him a whole 6 months later and have been married to his broke ass for going on 23 years next month. Have two wonderful fighting daughters, Alicia 21 and Erin 17. I am currently working on my (25) year Bachelor's Degree in Nursing so we can have some real money finally!! First real experience with

Dragonlady with her Sportster

bikes was riding on the back of Munster's Harley he had when we met. I quickly learned, I ain't no bitch and wanted my own. But, that did not happen as quickly as we liked so we purchased some dirt bikes. After a quick class by Munster on how to ride, he jumped on his and took off. After I realized he trusted me to figure it out or just left me in the dust, I put it in gear and actually did better than he did in the dirt. In 2006 we purchased a 1200 Custom Sportster and I took a Motorcycle safety class and got my license. Things were going great until 2007 when Munster was

home on leave and we went to the Dells in Wi. and I was seriously injured/drowned in a water park ride. These injuries resulted in severe neck and muscle injuries. These injuries kept me from riding for many years and cause seizures. We are currently saving to have my bike turned into a trike so that I can enjoy the wind more often. After Munster, Trash and former FM Gonzo begged and whined to start their own Club, I gave them the go ahead and the money to get started. The rest is history in the making.

Rides and events

Hammer giving brief at Christian Brown Run

March seemed to be the official start of bike season, or at least the official start of poker runs and rides for benefit! The first event was the Dixie Divas 2nd Annual Forever Young Benefit. After starting things off, we took an extended break at the VFW and proudly rode in with some of the Divas.

Los Cazadores at The Leather Shop for Dixie Divas Run

We all know that nothing brings the biker community together more than someone in need. Our family members Disco and Bling, who also founded the MSRWWP, put together the biggest benefit ride, so far this year. With hopes of obtaining support from at least a few, they set forth on the tasks to put on the Christian Brown Benefit Ride. Whoever would have guessed the outpouring of love and support would climb to well over 800 bikes. With the Facebook event showing 172 attendees and 59 maybes, estimates of approximately 200 were considered to be favorable attendees. As more and more groups of motorcycles rolled in, tears began to fall, hearts swelled and pride for America and our military was undeniable. There are no words to convey

the feelings of not only participating, but assisting in putting this event together and just watching the communities come together.

Los Cazadores in the lineup for Carl Perkins Ride

There was another worthy event going on at the same time of the Christian Brown ride in Selmer, TN. 2 of our local members and 1 of our member's from Jackson all met up with some of our Law Dogs friends to show support for the Carl Perkins Child Abuse Center. This was a great ride through the country. Got to meet people from outside the Memphis area and inform them of our upcoming run benefiting children, too!

Shudder in BBQ in flight competition at DU

While this is a motorcycle club, we're not just about motorcycle events. Our own Shudder participated and received recognition in the BBQ event at the Ducks Unlimited event on Saturday, March 31st. Several of Los Cazadores

members offered assistance in various portions of the event. We like to do our part and felt proud to be part of this club and the integrity that we hold ourselves to.

Breakfast at Bumpus HD Memphis for Wild Pigs 15th Annual Run

We managed to have a good group of us get together for this annual party ride. While only a couple were able to do the ride from beginning to end, Los Cazadores was present. Munster, White Trash, Lightning and Tinker all went directly to Recycle to offer assistance to Animal, Disco and Bling, who were already there. Big C showed up to help even though he wasn't feeling well. Viper joined up with Alamo, Dancer, and Joker, along with a few hangarounds and friends at Ozone and finished out the rest of the ride. After enjoying some socializing at Dan's house, the weekend of riding came to an end and everyone headed home.

"We like to do our part and feel proud to be part of this club and the integrity that we hold ourselves to."

Service Bragging Rights

Big huge thank you to all of the establishments that have allowed us to use them as a stop on our 1st Annual Poker Run to benefit Make-A-Wish®.

"HUGE thank you to all the Poker Run participating businesses."

We also would like to mention that we offer our most humble thank you of gratitude for the following businesses who have donated door prizes/auction items/raffle items to help us grant wishes for our local Make-A-Wish kids –

Bumpus Collierville, Recycle Bikershop, FRS Powersports, Sekisui Bartlett, Motorcycle Xpress Lube Plus, Gemini, Funquest, Syndicated Ink, and PSI – Motorcycle Transport and Detail Services. We are in the process of requesting others and will be updating the list of folks on the event of the additional items. If you would like to donate, please contact a member or the club via email or FB!

Poker Runs and Bike Season

As always, be sure to take extra care to Look Twice – Save A Life. The life you save could be your own. Remind your friends in cages of the upcoming events and ask them to take caution on the weekends when most events are taking place.

About Our Organization...

This motorcycle club was founded on October 31, 2008, by individuals that had searched high and low throughout the motorcycle world to find a club. Not to disrespect the many clubs currently out there, but none could offer what we were looking for. We are co-workers and friends, along with family. We are about family first, work responsibility second, club functions third. This club is open to all who are

looking for the same fun and free times offered by this great country. Many members, including the founding members, are combat veterans and have many years serving both their country and communities in a law enforcement capacity.

We do not, and will not, sit around and cry in our beers; nor do we tell war stories all night long. We are about riding to fun destinations and having a

great time at the end of the ride. We show respect to those who deserve it. Remember, respect is earned, not given freely.

If you are tired of looking at motorcycle clubs that place rules on top of rules on top of required miles and still shut out family; take a look at our club. Remember we were once just like you..... looking, but found our calling with Los Cazadores.

We're on the Web!
