#### Events:

- MSRWWP Car and Bike Show 08/25
- MSRWWP Car and Bike Show 10/06
- Check website calendar for more details

## President's Corner

Well it has been a very busy couple of months for everybody. All the rides, trips and stay overs at the local hospitals for some members and their families. A few got to get away on road trips and getaways. Brick and "C" got to go all the way to Aruba a flew our banner proudly everywhere they went. Lightning and Tink's 15 day getaway through the U.S. Several went for the long ride to Doe's restaurant to celebrate Hammer and Bayou's anniversary with a huge steak dinner and bugs for desert on the trip home. After some major league let downs by a salesman

and quick action by Disco and Collierville Bumpus, Brick was able to get his new Street Glide in Club colors no less. The Cazadores ladies had a night out to go see Magic Mike (yawn) and they looked like they all had a good time. Most were able to attend a day out of fun riding for the 4th of July ride led by Lightning and Tink followed up by the not a party at Bling and Disco's for poolside lounging. A great time was had by all at the 4th/7th of July Blowout Party. Congrats to CJ for winning the patch this year. It was a very close race this time but Sis pulled it off with

minutes to spare!!! Big thanks to all involved and the successful teamwork for Brother and Sister Disco and Bling at the Mid-South Wounded Warrior Project Silent Auction/Dinner. For all the Brothers and Sisters that are always there for each other no matter what, a huge thanks and pride words cannot describe! You all ROCK!!! A big Happy Birthday/3rd Anniversary to Recycle Bikershop. Next major event gearing up for other than the car show, is the Oct. 6th Concert Event!!! Bigger and Better every year!!! See ya'll soon.

Munster

## Rides and events

Not everything we do is as a club, but we're all included, as a family, with everything everyone does. Lightning and Tink actually took off towards the end of May on a 15 day / 4500 mile trip that took them through numerous states to the west of us. Some of their nights actually got down into the 30's! Here's a view they shared with us from Clark, Wyoming.

For Bike Night, several of us gathered to crush the 17 bags of cans that were donated by our friend Kathy. It may look like a lot of work, but with this group, it was still a lot of fun.

Just so happened that Abernathy's was having an event on June 9<sup>th</sup>, so in honor of the Hammer, Viper, Bling b-days, numerous of us heading that way to start the day with wind in our faces.

Ok, the birthday boys wanted to get their bikes washed from the international bikini team that was there, LOL

Brick eyed the Red Sunglow Street Glide, but since he was leaving for Aruba the next day, decided to hold off til he returned. Since we didn't

*We have discovered a weakness for cupcakes! We have not found a cure.*

*C x 3*

think about sending the banner with Lightning and Tink, we sent it with Brick to Aruba to show that Los Cazadores was INTERNATIONAL – haha

Upon Brick and 'C's return from Aruba they joined Hammer, Bayou, Rabbit, Shudder, Creeper, Bling, Disco, Viper and Dancer for the Three Door's Down concert.

If you EVER want an awesome steak and need an excuse to take a ride, you should head on down to Doe's like several club members did to help Hammer and Bayou celebrate their 10 year wedding anniversary.

Additionally, as planned, upon Brick's return from Aruba and a little wheeling and dealing, he became the proud new owner of a brand new LC Red Street Glide!

A couple of the ladies decided that they wanted to go out for the opening of 'Magic Mike'. What better way to bond women together! After a quick stop at Chili's for dinner they stood in line together, like giddy teenagers to see Magic Mike's moves. Girls Night Out will never be the same.

A few of the club members got together and decided to get some wind in their face for the 4<sup>th</sup> of July. Couldn't help but notice the 4 Street Glides lined up when we stopped to determine our next destination.

## Rides and events cont'd

Some attended the "Not a Party" Pool time for the remainder of the day.

The annual 4<sup>th</sup> of July party was held on the 7<sup>th</sup> to allow for everyone to be there. Just like the last few years, this one was eventful, too. Certain restrictions prohibit this party's pictures from being published in order to protect the guilty, er, um, I mean, innocent. The fireworks were a sight for all to enjoy. Brick was presented with his full patch cut and "Scoop" obtained her selectee cut. Our patch winner for this year graciously accepted after the appeal process was denied – LOL.

The Midsouth Rally for the Wounded Warrior Project Silent Auction and Dinner was a HUGE success.

Numerous members showed up to assist with the 3<sup>rd</sup> anniversary of Recycle Bikershop!

The next day, a few went to Rattlesnake Saloon.

## Make-A-Wish Update

We were contacted to sponsor our first wish! We were unable to participate in this wish reveal, but we are still so excited and proud to have been the sponsor of this boy's wish.

On just an ordinary day—or so he thought—Orvell's family dropped him off at his weekly karate class. He made it through the class, just as he usually does, but as class was

ending Sponge Bob, Mickey and Minnie Mouse all surprised him and the other kids by making a grand entrance into the classroom. After greeting the kids, the characters then read a special poem that revealed that Orvell's wish to go to Disney World was coming true in FOUR DAYS! He was so surprised and really let his excitement show to everyone—it meant so

much to his little brother, and his mom and dad to see that much genuine joy on his face and in his heart, especially after all that he has been through with his illness. Even after his favorite lemon cake was served as he opened his gifts, he just still couldn't believe that he was going to get to see all of the magic of Disney World in less than a week's time!

## Member Profile

This month we're covering Alamo, our newly elected Secretary. He started riding dirt bikes when he was 10 years old and rode all the time with his best friend and his father (who was a police motor officer).

When he could afford to buy it himself, he got his first street bike...a navy blue Honda Nighthawk. Since then he has had 3 Harley Davidson motorcycles. He currently owns a 2005 HD FLHTPI which will eventually be finished as a rolling memorial for law enforcement officers.

### *About Our Organization...*

This motorcycle club was founded on October 31, 2008, by individuals that had searched high and low throughout the motorcycle world to find a club. Not to disrespect the many clubs currently out there, but none could offer what we were looking for. We are co-workers and friends, along with family. We are about family first, work responsibility second, club functions third. This club is open to all who are

His professional career in law enforcement began in 1988 where he graduated #1 in his class. During that 20 year stretch, he was fortunate enough to work in numerous divisions such as patrol, narcotics, traffic, gang unit, a federal task force...and of course, the motor unit. He is also certified as a fire & explosion investigator and hold a private pilot's license.

He currently works as a contract protection professional dealing in personal/executive protection and video surveillance systems.

looking for the same fun and free times offered by this great country. Many members, including the founding members, are combat veterans and have many years serving both their country and communities in a law enforcement capacity.

We do not, and will not, sit around and cry in our beers; nor do we tell war stories all night long. We are about riding to fun destinations and having a

In the fall of 2011, he was accepted as a member of Los Cazadores MC where he was recently elected as the club secretary.

Additionally, he holds the position of Sec/Trea for the Pink Heals Memphis/MidSouth Chapter of the Guardians of the Ribbon. Pink Heals assists in raising funds to support women and raise awareness for ALL cancers. ([www.pinkhealsmemphis.com](http://www.pinkhealsmemphis.com))

great time at the end of the ride. We show respect to those who deserve it. Remember, respect is earned, not given freely.

If you are tired of looking at motorcycle clubs that place rules on top of rules on top of required miles and still shut out family; take a look at our club. Remember we were once just like you..... looking, but found our calling with Los Cazadores.
