President's Corner

I want to say GREAT job to one and all that helped out with the Polar Plunge. I believe since all you sickos out there that want me to do it, again, it should be even bigger and better. I can't wait to see you all come together for the Team Chili Cooking Contest. As you are all aware, this will be a busy Spring and Summer. Thank you all for all the help with OUR First Poker Run. It looks like it is going to have a pretty good turnout! We should have the first batch of shirts ready for purchase ahead of schedule. Great job Dancer and Dragonlady, know you both are extremely busy!! As a hint for the upcoming meeting, I sure hope all OUR Selectees bring their quick feet as we complete the final details of the Make a Wish Poker Run. Giggle!! Can't wait to see all my Brothers and Sisters soon. Please keep Hammer and Bayou in your thoughts and prayers for the loss of a dear family member and the upcoming deployment of their son.

Munster, Prez and Founder LCFFLC

Meeting Highlights

The February meeting was held at the clubhouse on February 12th from 5pm to 9pm.

The beginning of the meeting started with the presentation of a gavel and engraved base to Munster by Dragonlady. The base simply read Los Cazadores LEMC, October 31, 2008.

This meeting was filled with mostly club business and guidelines.

The results of Munster's Plunge of coming in 2nd place by less than \$100 was impressive and all were proud to have played a part. The selectee that managed to obtain the most contributions earned

the Autism Awareness Patch from the Special Olympics that was given to Munster.

Additional activities and final decisions regarding the Make-A-Wish run were discussed. Everyone is getting geared up and excited about this event. Our goal is to earn enough money to grant at least 2 wishes for local children.

With so many events/poker runs coming up, and with the size of the club growing, we hope to be able to have club presence at as many events as possible.

With regards to growth, Hammer's wife, Bayou, patched in as an Associate member.

Additionally, the wife of a selectee decided to join the ranks of Selectee and go through the process

alongside her husband.

Bayou receives her cut from her husband, Hammer

New Associate Selectee receiving her cut from Munster

It would be quite difficult to be a part of this group and NOT feel like a family.

Rides and events

February might not have had as much going on for two wheels as we would have liked, but we sure stayed busy. The first part of the month was Munster and his participation in the Polar Bear Plunge. Huge thank you to all that contributed. Additionally, we appreciated the participation of all our friends including our LE friends the Law Dogs and Reguladores that joined us.

Munster after plunging into the Mississippi. All to benefit Special Olympics

Ray Phetteplace Benefit

the benefit for Ray Phetteplace. Contributions were made, items were auctioned off, and a place full of camaraderie was the end result and we were glad to be a part of it.

Table of friends

Polar Bear Plunge

We all know that nothing brings the biker community together more than someone in need. Our friend from the PGR got more than he ever expected when he put on

Hammer collecting his auction item

Big C winning a door prize

The night before our meeting, we all went out and celebrated one of our Junior Member's birthdays. While the night didn't turn out the way we had expected, we had a great time cuz we were surrounded by family and friends.

A couple of the Los Cazadores family helped say goodbye to a Vietnam Veteran by participating with the PGR.

Charles Thomas Harris, 76; LCDR USN

While it's always sad to say goodbye, we consider it an honor and a privilege to participate.

Member Profiles

This month we are highlighting our Secretary - Tucson. On August 4th 1981 Tucson entered this world in an Army hospital in Wurzburg Germany. His family moved back to the states and lived in Senatobia then moved to Southaven MS in the fall of 1991. Law Enforcement and the Army runs through his veins as thick as blood.

Tucson's career started in 2003 when he enlisted in the United States Army at the age of 22. His first tour of duty landed him in Germany where he was assigned to the 1st BN 6th INF reg. He has deployed to Iraq twice. He deployed

in 2004 and again from 2005-2006. In 2007 he returned to the states where he worked in Ft. Sill OK as a supply SGT in C Battery 1st BN 19th Field Artillery Reg. In 2008 he was assigned to the Memphis Recruiting company as a recruiter. He finished his active duty career in November of 2011 then transitioned into the Army Reserves as a Civil Affairs Specialist.

His riding experience started in 2009 upon purchasing of a 2009 Suzuki Blvd C50T. He had been looking to get involved in a group to hang out with and ride and

He stumbled upon the club one day at Recycle Biker Shop when Disco showed him the club website. The rest is history in the making.

"Law Enforcement and the Army runs through his veins as thick as blood."

Service Bragging Rights

Big huge thank you to all of the establishments that have allowed us to use them as a stop on our 1st Annual Poker Run to benefit Make-A-Wish®.

“HUGE thank you to all the Poker Run participating businesses.”

Giggle

No one is safe when it comes to El Diablo aka Viper. Our friend Barbie took a trip up North to Abernathy's with him and left behind her famed "Barbie bike" and came home on this beautiful blue beauty.

Poker Runs and Bike Season

We all know that there are already several poker runs and events posted for the upcoming bike season. Please be sure to take extra care to Look Twice – Save A Life. The life you save could be your own. Remind your friends in cages of the upcoming events and ask them to take caution on the weekends when most events are taking place.

About Our Organization...

This motorcycle club was founded on October 31, 2008, by individuals that had searched high and low throughout the motorcycle world to find a club. Not to disrespect the many clubs currently out there, but none could offer what we were looking for. We are co-workers and friends, along with family. We are about family first, work responsibility second, club functions third. This club is open to all who are

looking for the same fun and free times offered by this great country. Many members, including the founding members, are combat veterans and have many years serving both their country and communities in a law enforcement capacity.

We do not, and will not, sit around and cry in our beers; nor do we tell war stories all night long. We are about riding to fun destinations and having a

great time at the end of the ride. We show respect to those who deserve it. Remember, respect is earned, not given freely.

If you are tired of looking at motorcycle clubs that place rules on top of rules on top of required miles and still shut out family; take a look at our club. Remember we were once just like you..... looking, but found our calling with Los Cazadores.

We're on the Web!
