President's Corner

For our first newsletter, I thought it would be a good time to give a little history to how the club came about. During Operation Iraqi Freedom, I met a Marine from Modesto, Ca. He was a 20 year old Hispanic male full of life and very family oriented. As a warrior, he always volunteered to go through doors first to snatch and grab suspected enemies. As the excitement of entering the unknown would build, he would inadvertently revert back to Spanish. During the intensity with the Iraqis and him, nobody could understand what anybody would be yelling back and forth. He was mortally wounded and left this world after a 10 day fight for his life. After his

passing, I reflected back to his saying of "Los Cazadores" followed by a door being violently kicked or shot open depending on the situation needed, and found it to mean "The Hunters".

I had grown up and ridden with other clubs, and did not want to be in one that limited family participation. So upon starting my own club, I decided to use "The Hunters" as the club name because everybody is always hunting for something. I kept this saying in Spanish in honor of the young marine warrior.

Our three piece patch is different because we're a different kind of club. The Grim Reaper was used for anybody who has stepped

foot on a battlefield or experienced death up close and personal. He's coming for somebody, non-judgmental, never sleeps and is always on the hunt. I incorporated the rolling dice due to my travels and experience on the battle fields, to represent life is but a gamble. The hour glass is cracked because time is different for everybody. The sickle the reaper carries is down because he has already struck. You just don't know you've been hit yet. The bottom rocker saying translated is Defenders To All, meaning I will ALWAYS support and DEFEND against ALL ENEMIES both foreign and domestic.

Meeting Highlights

The October meeting was held at the clubhouse on October 16th from 5pm to 10pm. Needless to say, it was a powerful meeting with several topics of discussion and a lot accomplished...or, at least planned. We covered our by-laws in depth and voted on changes. Road Captain/Road Rules were read in and approved, too.

The club 1st annual Halloween – 3rd anniversary details were discussed.

A new appointed position was created, Club Liaison, which was appointed to Dancer.

Our newest member, Jim, was presented with his cut. He did not bring a roadname with him, so

stay tuned for the name Munster gave him.

Ace and Dancer both had events to present to the club. Munster stated that he would like club representation at both.

Poker run for April starting to be planned. Visits to prospective stops for the run to take place soon.

Rides and events

With the riding season starting to slow down, events to participate in will be few and far between.

Previous club involvement has recently included rides for Officer Martin and Officer Warren. The club also assisted with the Midsouth Rally benefiting the Wounded Warrior Project.

Saturday, November 5th has two events. Volunteers needed for the FOP Toy Drive Saturday Nov. 5th. This drive collects toys for sick

children who visit Methodist LeBonheur Emergency Rooms. Volunteers needed from 930-530 to work 2-4 hour shifts collecting money and toys at Wal-Mart on Covington Pike and Austin Peay. Contact Ace to volunteer.

Team Madelyn will be at the Fall Shopping Frenzy at Brighton High School, from 9:00 a.m. – 4:30 p.m., fundraising for Madelyn and her family. Asking all bikers to come out and show a little love

and support to this little princess! She (and her big brother Mitchell, 5 years old) would love to see 1,000+ motorcycles! How great would it be if every biker could drop a \$10 bill, a \$5 bill, or even their pocket change into the bucket? Will also be a great ride out there! This is a local family (Mom went to Bartlett High School & Dad went to Munford High School) who needs our support. Contact Dancer for additional information.

Club Anniversary/Halloween Party

The 3rd Anniversary/ 1st annual Halloween party kicked off at 7pm, Sunday, October 30th at the decorated clubhouse. The costumes were from simple to elaborate. The food followed suit and all was delicious. As we all congregated around the conference table to enjoy our dinner, when Munster

came up with a name for our newly patched member, Jim. From this day forward, Jim shall be addressed as Alamo. He has been through a lot of shit, just like the Alamo, took a lot of abuse, chaos, and drama, but it still stands for all to see and remember. So Remember the Alamo. Munster took

a moment to toast the club and thank everyone for what they've done. He also stated that he was looking forward to doing more as a club and getting involved in the community.

After the toast, everyone continued enjoying the music and festivities. We are all looking forward to next year.

Membership

So far, this year, the club has grown by 5 members locally, 1 member in the Arkansas chapter, and 2 members as Nomads in Virginia.

Currently, the local chapter has 2 prospects, as well as 2 prospects for the Arkansas chapter.

As the club continues to grow, we hope to make more of our presence

known in the community.

If you know of someone looking to join a different kind of motorcycle club, have them take a look at us. Remember, you do not have to ride a particular brand of motorcycle to be welcome in our ranks.

Invite your good friends to our rides and functions and encourage them to

become involved with Los Cazadores. They just need to be someone who enjoys riding and the fellowship of the group...someone like you!

Service Bragging Rights

Those of us in the club are well aware of El Diablo aka Viper. He and Dancer started it all off by getting two brand new HD Street Glides in June from Abernathy's HD in Union City, TN.

Turns out it's a great 2 hour ride from home, so club members were invited to join on several trips made back for accessories and service.

Ace, Munster, and White

Trash all picked out new bikes for themselves on one of these trips. While all were used, they were new to them. On a future trip, our friend Hammer got himself a brand new HD Limited Ultra.

It seems to have become a club ride when someone goes to Abernathy's. Chopper and Dancer joined Hammer for his 1,000 mile service. He also got some additional work done.

Turned out they had some difficulty and were unable to complete the job in that visit. A couple days later, they called and offered to pick up Hammer's bike, haul it to Union City, fix it, AND haul it back at no additional charge.

This is one of the many reasons we return to Abernathy's.

About Our Organization...

This motorcycle club was founded on October 31, 2008, by individuals that had searched high and low throughout the motorcycle world to find a club. Not to disrespect the many clubs currently out there, but none could offer what we were looking for. We are co-workers and friends, along with family. We are about family first, work responsibility second, club functions third. This club is open to all who are

looking for the same fun and free times offered by this great country. Many members, including the founding members, are combat veterans and have many years serving both their country and communities in a law enforcement capacity.

We do not, and will not, sit around and cry in our beers; nor do we tell war stories all night long. We are about riding to fun destinations and having a

great time at the end of the ride. We show respect to those who deserve it. Remember, respect is earned, not given freely.

If you are tired of looking at motorcycle clubs that place rules on top of rules on top of required miles and still shut out family; take a look at our club. Remember we were once just like you..... looking, but found our calling with Los Cazadores.
